## Experience

---

### Cre8if Hub | Osun State

#### Frontend Developer & SEO Specialist | 08/2024 - Present

- **Streamlined Workflow:** Automated deployment process for frontend applications using **GitHub Actions**, reducing build and deployment time by **40%**, and improving team efficiency.
- **Expanded Product Listings:** Developed a user-friendly interface for a real estate platform, allowing users to post property listings. This feature led to a **20% increase** in active listings in the first two weeks.
- **Boosted SEO Rankings:** Implemented **SEO best practices**, including schema markup, meta tags, and alt attributes, leading to a **25% increase** in organic search traffic over a two-month period.
- **Increased Code Efficiency:** Refactored legacy JavaScript code, reducing the total lines of code by **15%** while maintaining full functionality, resulting in more maintainable and efficient code.
- **Enhanced User Experience:** Led the design and development of a responsive mobile-first layout, improving mobile user satisfaction by **20%**, as measured by feedback and engagement metrics.
- **Successful Team Collaboration:** Collaborated with a cross-functional team to deliver a startup's MVP within **3 months**, ensuring the product met design, accessibility, and performance standards, increasing early user acquisition by **10%**.

### OIC HUB | Osun State

#### Frontend Developer Intern | 07/2024 - Present

- Built and optimized a personal portfolio using Tailwind CSS, improving web performance and accessibility.
- Conducted technical SEO audits to increase site visibility, resulting in a 25% boost in search engine rankings.
- Participated in team sprints, following Agile methodologies, and collaborated with UI/UX designers to ensure pixel-perfect design implementations.
- Worked on several real-world projects, including form validation and array iteration tasks, showcasing problem-solving and code optimization skills.
